

*To be one of us, you have to be yourself*

## **Financial Controller Ingka Investments Management Romania**

### **Ingka Investments Romania (part of INGKA Group) - Bucharest**

*Ingka Investments is the investment arm of Ingka Group. The IKEA vision guides us as we lead home furnishing retail into the future. To secure Ingka Group's long-term growth and financial strength, we make responsible investments in people and businesses that make a positive difference to people and planet. Aside the Retail investments, until now we have two Investments portfolios in Romania: Forestland and Renewable Energy.*

As a **Financial Controller in Ingka Investments Romania**, you will have the opportunity:

- to act as a bridge between the accounting team and the business:
  - ensuring high professional standards and compliance with Ingka Financial policies and manuals and internal control;
  - providing accurate, relevant and user-friendly business information
- to analyse business information and identify business opportunities.
- to develop yourself in an international working environment, communicate with different Stakeholders, from local and Ingka Group Level.
- to learn from colleagues around the world and, at the same time, to share your experience with others.
- to contribute to the business growth and long-term profitability of Ingka Group.

### **Would you like to join us?**

#### **Here is what we expect you to do....**

- Responsible for production and accuracy of user-friendly business information, to allow for performance monitoring of business activities in the markets or in the central organization (e.g.: Goals, bi-monthly reports, forecast, allocation keys, but also valuation, sensitivity analysis or risk analysis).
- Responsible for explaining and validating the numbers, reconciling reports with relevant source of information, and performing the variance analysis.
- Responsible for the review/approval process of operational invoices.
- Responsible for application of Ingka Finance manual, coming from Group Business Navigation & Finance, and/or Finance routines coming from Ingka Investments Business Navigation & Finance, in the spirit of compliance, effective control and value protection.
- Promote well-functioning governance and compliance framework in the organization in respect of the IKEA Code of Conduct, laws, and steering documents.
- Strengthen the IKEA brand and protect people and assets, through developing and maintaining a risk aware culture and contribute to the compliance monitoring activities.
- Promote effective and cost-conscious ways of working, identifying growth and cost potentials through benchmarking, striving for constant improvements.

#### **.... with the knowledge and capabilities, we expect you to have...**

- Ability to be a strategic, tactical and operational business partner, with strong analytical skills
- To be an expert knowledge of (High professional level; can share and teach others): Reporting, Controlling and basic Accounting knowledge
- Good knowledge of (Sound understanding and practice): Corporate Finance (Valuation, NPV, IRR)
- Energized by contributing to overall success and results through collaboration and excellent knowledge and expertise
- Inspired by working together in in an ever-changing complex environment
- High level of integrity and maturity; good judgment and ability to make sound and common-sense decisions
- Ability to network, build and maintain a system of strategic business connections, both internal and external
- Good communication skills with ability to express ideas and opinions in both writing and spoken conversations, in English as well as local language
- Understanding of Corporate Finance, Asset management and valuation concepts
- Proficiency in IT tools and systems supporting accounting and consolidation
- Proficiency in MS Office (Excel: VLOOKUP and pivot tables), preferred experience with accounting/reporting systems.

*So, if you recognize yourself in the above description and if you have **University degree in Accounting / Finance / Economics or related fields**, and at least **3 years of experience with management reporting, controlling, and/or experience with accounting** (e.g.: Audit, account payables, reporting, consolidation), if you have the ability to quickly gain and apply knowledge of the local market, business and if you have a flexible, hands-on and pro-active approach and drive to get the job done, we are curious to meet you, so please send your cover letter and your CV at [larisa.dragomir1@ingka.com](mailto:larisa.dragomir1@ingka.com)*

*Please note that only suitable candidates will be contacted.*
